Open Adoption Realities: Navigating the Impact on Birth Parents When Agreements Unravel

\$25 Family

We will discuss the complexities of open adoption dynamics and the impact on birth parents when adoptive parents struggle to uphold their agreed-upon terms. Featuring stories from past birth parents and insights from social workers, we will shed light on the emotional, psychological, and practical implications of these challenges. Whether you are an adoptive parent, birth parent, adoption professional, or advocate, we invite you to join the Allentown Office in the delicate journey as we offer an opportunity for reflection, discussion, and a space to gain valuable insights to navigate the challenging realities of this imperative lifelong commitment.

Monday, August 12th, | 7:00-8:30 PM

Registration deadline: August 5th

Prenatal Drug & Alcohol Exposure

\$50/family

[Click for a Video Message About the Class](#)

AFTH wants families to make informed decisions when completing their profile keys. Dr. Erin Meyer is an Internal Medicine and Pediatric Hospitalist who worked in the Neonatal Intensive Care Unit. She is also an adoptive mom, and can speak from both professional and personal angles. She will be discussing the effects of drug and alcohol use on the newborn during pregnancy as well as withdrawal symptoms and short/long term effects of exposure. Questions are welcomed. While each family needs to decide what is right for them, after this class, families often feel more comfortable opening their key.
